

# **CALL YOUR LEGISLATORS TO SAVE OUR SERVICES!**

**We have just a few days to convince our legislators to stand up to  
Chris Christie and vote 'NO!' to dangerous budget cuts.**

## **CALL: (609) 202-4840**

**At the switchboard, ask for your legislator's office. Points to make:**

- **I am asking my representative to fight against devastating budget cuts and reject this budget when it comes up for a vote.**
- **Governor Christie's proposed budget is balanced on the backs of working families. It will make deep cuts to our schools, health care, libraries, and parks while giving a billion dollars in tax breaks to the rich!**
- **I urge my representative to stand up to the Governor and say, 'NO!' to this terrible budget and demand a budget of real shared sacrifice that asks the wealthy and corporations to pay their fair share.**
- **Please, make a *BETTER CHOICE* for New Jersey!**

**After you've called, let us know that you did and what you heard by emailing your local organizer or [margarita@njworkingfamilies.org](mailto:margarita@njworkingfamilies.org)**
